

Shaykh Muhammad's Evidences Against The Saâfiqah

Amjad Rafiq (SP) continues to oppress and slander the noble Shaykh, the Allamah, Muhammad bin Hadi al-Madkhali and the Salafis.

Amjad has recently tweeted and heavily promoted a text compiled in Arabic by the Sa'fooq Abu Haatim al-Bolaidi. In this text, al-Bolaidi has gathered some of the tweets of the Sa'afiqah which were presented to Shaykh Rabee by Shaykh Muhammad. Shaykh Muhammad himself wrote some comments on these tweets and then gave them to Shaykh Rabee - may Allah protect him from the evil of the Sa'afiqah.

Al-Bolaidi - deceptively and untruthfully - claims that these tweets are the evidences of Shaykh Muhammad against the Sa'afiqah which the Shaykh has been hiding from the Salafis. This Sa'fooq by way of this text that he has compiled seeks to give the Salafis the impression that these are the evidences that Shaykh Muhammad has against the evil Sa'afiqah network which he presented to Shaykh Rabee.

Amjad - as is his habit - then seeks to make this whole drama even more dramatic and this deception even more deceptive, and tweets the following:

REVEALED: The Long-Awaited "File of Evidence" of Muḥammad bin Hādī Against the So-Called Ṣa'âfiqah and which almost every last one of his blind-followers have likely never seen in full prior to today.

Let's consider the following points:

1. Who is Abu Haatim al-Bolaidi? Is he known to the scholars and the Salafis?! Is he a liar?! Is he truthful?!
2. After months of trying to convince himself and the Salafi masses that Shaykh Muhammad does not have a "shred of evidence", Amjad finally admits and acknowledges that there are evidences!

3. Al-Bolaidi and Amjad have come together and joined hands to deceptively try to convince the Salafis that these tweets are the evidences of Shaykh Muhammad against the Sa'afiqah that he has been hiding from the Salafis.

4. In fact these tweets are not in any way the evidences of Shaykh Muhammad against the Sa'afiqah.

Rather by way of these tweets, Shaykh Muhammad merely wanted to clarify two points to Shaykh Rabee and bring them to the Shaykh's attention.

Firstly, that Shaykh Rabee is not aware of what these Sa'afiqah write and spread in their social media accounts.

Secondly, to show Shaykh Rabee that these Sa'afiqah attack and insult Shaykh Muhammad. And that is because Shaykh Rabee informed Shaykh Muhammad that the Sa'afiqah swear by Allah and take oaths that they do not revile Shaykh Muhammad.

5. As for the evidences that Shaykh Muhammad took to Shaykh Rabee, then they are those that the brother Abu Osama Kori has previously spoken about.

The brother Kori has mentioned before that during the last sitting between Shaykh Rabee and Shaykh Muhammad, Shaykh Muhammad started presenting his evidences against the Sa'afiqah to Shaykh Rabee. Upon this Shaykh Rabee threw the first two pieces of evidences and did not read them nor did he read the remaining evidences that were with Shaykh Muhammad at that time.

6. Al-Bolaidi and his promoter Amjad Rafiq have both lied and cheated the Salafis. They claim that these are the evidences of Shaykh Muhammad against the despicable Sa'afiqah. Amjad deceptively and untruthfully claims that this is the long awaited file of evidence against the Sa'afiqah. This duo claim that Shaykh Muhammad has been hiding these so-called evidences from the Salafis. Where is your proof for this lie?!

7. The evidences against the Sa'afiqah are well-known and widespread. From these evidences are the following:

- a. Hani Buraik al-Khariji
- b. Sindh Shahbaz Scandal
- c. Lying
- d. Deception

- e. Speaking ill of the Sahabah
- f. Mistakes in Aqeedah
- g. Reviling the people of knowledge
- h. Causing splits between scholars
- i. Causing splits between Salafis
- j. Newly invented principles

Furthermore, Allah The Most High has and continues to expose the ignorance of the Sa'afiqah in the most obvious matters of the Deen as well as their atrocities that they have committed in affairs of the Creed.

More and more evidences are becoming apparent which are in actuality more than the evidences that Shaykh Muhammad originally had.

8. The problem is that Amjad and SP are deliberately not translating the numerous mistakes and blunders of the Sa'afiqah. They continuously refuse to translate and spread the evidences against the Sa'afiqah and have instead chosen to cheat and deceive the innocent Salafis and spread only that which suits their desires.

9. O Amjad! Where is your jealousy for the noble Sahabah?!
O Amjad! Where is your jealousy for the religion of Allah?!

O Amjad! Where is your jealousy for the pure Creed?! O Amjad! Are you not affected and moved when the Sahabah are reviled?! O Amjad! Are you not hurt when one of them describes the Prophet ﷺ as being two-faced (we seek refuge in Allah)?! O Amjad! Are you not disgusted when one of them says that the Scales on the Day of Judgement are from the attributes of Allah?! O Amjad! Does it not pain you when one of them uses Surah al-Qadar to prove that Allah descends?!

10. O you just intelligent Salafi! Are the lies, deception, ignorance and transgression of the Sa'afiqah not clear to you yet?! Know - may Allah have mercy on you - that all these lies and this deception are only being employed to divert the Salafis from the main issues and from the focal point which is that these people are really and truly the Sa'afiqah and that they are the cause of great tribulations occurring amongst the scholars and the Salafis worldwide.
