

Similarities between the Ikhwaanīs and the Sa'āfiqah Mafia

Similarities between the Ikhwaanis and the Sa'āfiqah Mafia

- 1.** Issuing Fatawa without due right in issues relating to fighting, wars, spilling of Muslim blood and politics as in Libya and Yemen.
- 2.** Holding secret meetings and establishing a Shura Council, thereby opposing and undermining the Salafi Saudi Government.
- 3.** Backing radical Kharijis and causing chaos in the land of the Muslims. (Sa'āfiqah support the Khariji Hani Buraik who fought against the Yemeni government).
- 4.** Organised Hizb with a hierarchy.
- 5.** Whoever opposes them is declared to be an innovator and is rendered an enemy of Allāh although he may be the best of the scholars.

6. Cursing, slandering, fighting and hating the Salafi scholars.

7. Preventing the Muslims from benefitting from the Major Ulama such as Shaykh Muhammad bin Hadi and Shaykh Sulaiman Al Ruhayli in the U.K., Holland and elsewhere.

8. Following desires and showing total disregard for proofs.

No one is pleased with the actions of the disgraced lying Sa'afiqah except the Ahlul Bidaah and Ahlul Kufr.

Please note that Al-Allamah Rabee bin Hadi حفظه الله is not fully aware of the reality of the Sa'afiqah nor their fraudulent ways. The Shaykh is not part of their Hizb nor their secret Shura Council nor their secret meetings. The Shaykh is free of their Hizbiyyah and he is free of their leader Hani Buraik Khariji.
